Hi there 🙄 I would just to provide positive feedback about Blackwater Motors SKibbereen. I purchased a 2011 Vw polo from Jason Field in January of this year, he gave me a great deal on the car and has been ever so helpful and generous with his time since. It has been a positive experience and I would highly recommend them to anyone to purchase a car off of. I find all the staff very friendly and welcoming, I will definitely buy a car off them in the near future again.

A big thank you to Paul from the Fermoy Blackwater Motors. Paul was so professional and friendly and made every decision I made in our handing my new car so easy. He answered my 1000 questions with ease and kindness. He was helpful and very professional. Would highly recommend Blackwater Motors to anyone with the service I received from Paul. Thanks very much!
